Customer Reviews

Early innovative Blues artists put small bottles on their left fingers to make the guitar weep, moan and swoon, often to imitate their voice. Roth is passionate about the sound, showing a beginner how to easily create riffs and play some of the original songs. He loves Robert Johnson the most, there's more of his songs than any other artist, and I can't stop playing "Come On In My Kitchen," the best song IMHO in the book. Each song includes tabs and notes. As a beginner, I found many of the songs too difficult, so I bounced between "Love In Vain," "Dust My Broom," and the song above. I wish that there were more simple songs to play. Intermediate or Advanced players will probably appreciate this book more. My book was used, and didn't include the CD, which might have helped. But all the original songs are available as MP3s. Slide acoustic guitar is transportive, emotional and fun. From the first moment you produce slide note and a vibrato, you'll be hooked. Just do it!

Nice selection of traditional approach to mainly Robert Johnson material in open E(D) and G(A).

Best for slide players at moderate to advanced level. Surprised to find out that the included audio music exercises in my version were on an early thin pressed, 33 record page. I converted it to a CD with my ION USB turntable with no trouble. Most of the Johnson material is readily available on iTunes but the other songs are traditional arrangements by Roth.

Somewhat dated but still relevant. An updated version would be nice with better media.

The book has valuable information for learning this technique. I would have liked more music tracks but the quality of the recording is excellent. I understand this was first published several decades ago. I have used the book every day since it's arrival.

wish the cd would have come with the book

Where to start and where to go after that when your self-taught guitar journey leads you to slide. Requires a turntable to play the flexidisc, but worth finding one.

ok

I had this in the past and lost it and I am surprised it is still around, which says allot!!!!!!!!!!!!!! A must have
