This is a great story of Orphaned girls traveling West to find happiness with a special man. The ladies thought themselves to be plain even though they were beautiful twins who were to marry a set of twins. They had a hard time telling them apart. Finding about their families accidentally was a bonus. A must read for those who enjoy historical western romance kindle books from at a special price and from a delightful author who keeps me wondering what next for the characters.

If you have been reading the story you know what going on. Its like waiting for the next one will finish the story.. I for one can’t wait & will want it to have the story’s to go way more than eight books.

This is book 7th in this series. The Mail Order Bride's in this story are twins. The story is funny and a joy to read. Enjoy!!!!

This is the seventh book in this series about the seven orphans that are like sisters and in this story the twins marry twins

Every book....or should I say novella....has bits and pieces of each of the orphans lives but no complete story. You need to buy the next book to see what happens. No book is stand alone.

I really enjoyed another great book from this series. I can’t wait for the next book. Thank you

Loved it waiting on the next one
